DocuSign Named as 'Recommended for G Suite' for eSignature

2016-11-30

SAN FRANCISCO, Nov. 30, 2016 /PRNewswire/ -- DocuSign today announced that it has deepened its relationship with Google with DocuSign's **eSignature** service and **Digital Transaction Management (DTM)** platform.

DocuSign's integrations – including the DocuSign for Google Chrome Extension, DocuSign's Android App, instant access to DocuSign from Gmail, and DocuSign for Google Docs, Google Drive and G Suite – help Google users transact business more quickly, easily and securely – 100% digitally in the cloud.

In a move that reflects the importance of eSignature and DTM to the success of organizations operating their business in cloud, DocuSign is also now on the **Recommended for G Suite list**.

"We're proud to have Google as part of the DocuSign Global Trust Network with so many deep integrations of DocuSign across G Suite," said Neil Hudspith, president of worldwide field operations at DocuSign.

"The breadth of G Suite's offering for organizations across industries and geographies has been a key driver of DocuSign's hyper growth around the world."

DocuSign's inclusion in the Recommended for G Suite program comes on the heels of DocuSign being named #3 on the **Forbes Cloud 100**, awarded **Best Enterprise API by API World**, and awarded as one of the **Top 50 Cloud Companies to Work For by Glassdoor**.
